DMC1 Music/Communication System

The DMC1 Music/Communication System from Linear furnishes rich sound for music and voice throughout the home.

This elegant and sophisticated acoustical system has the ability to communicate and monitor up to 15 rooms, and supplies digitally-tuned AM/FM radio to each of them.

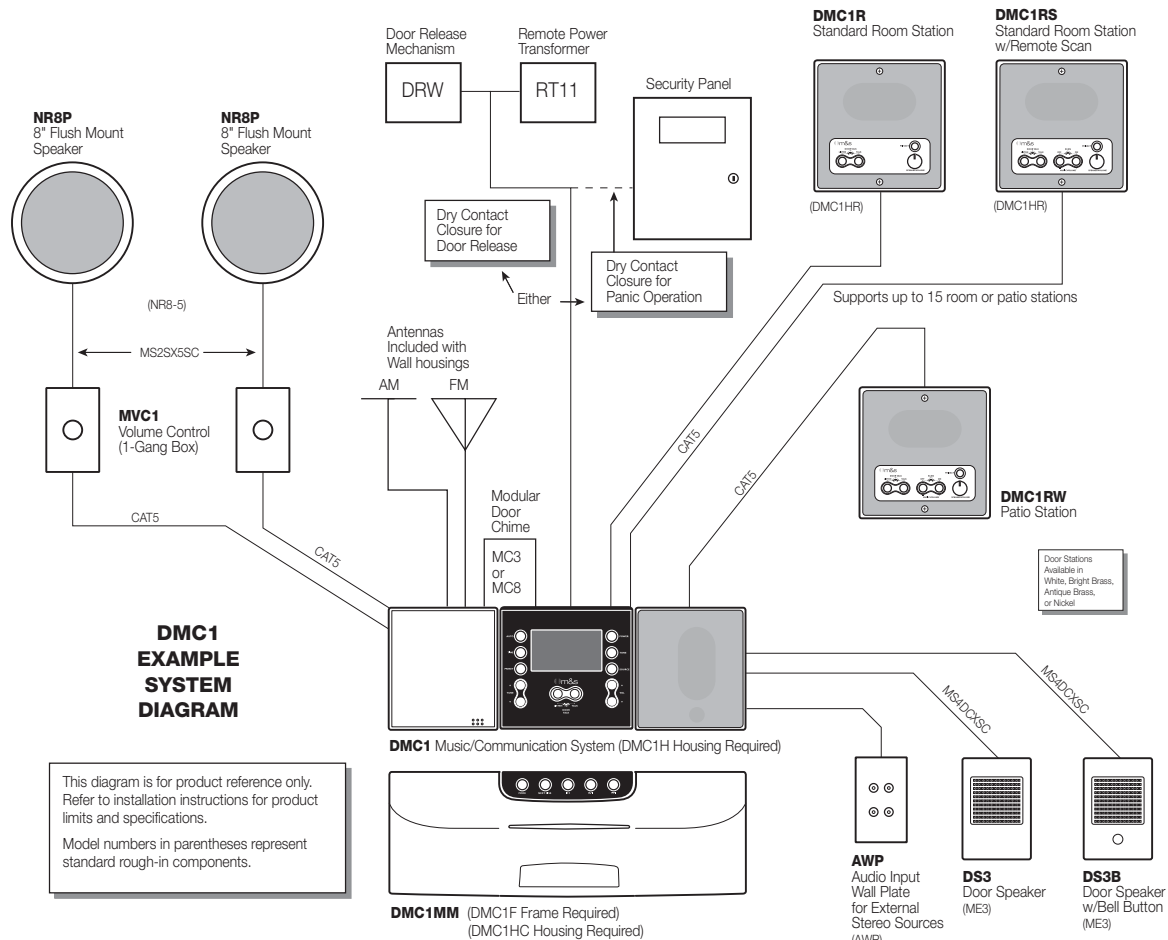

Sleek Design, Simple Installation

The DMC1 is designed to delight both you and the homeowner. Quick-connect CAT5 wiring simplifies installation and improves performance. Homeowners will appreciate one elegant system for both intercom and music – a system with many convenient and easy-to-operate controls. Add the optional DMC1 iPlay® Dock - MP3 & CD Player to share and distribute all digital music sources, including MP3 players, smart phones and CD/MP3 disks throughout the home.

Security and Privacy

The DMC1 ensures peace of mind with enhanced security, providing front door visitor screening and room monitoring features. With its privacy feature, one button push prevents anyone else in the home from monitoring a particular room.
